

REFERENDUM STATEMENT:

The mission of the Center Grove Education Foundation is to advocate, collaborate, enrich and support the Center Grove Community School Corporation and the education of the children it serves. With the ultimate aim being to raise and distribute funds to enhance the quality of education and extend the learning opportunities for all students within the school corporation.

Therefore, it is the consensus of the Directors of the Board of the Center Grove Education Foundation that the best way to fulfill this mission and support the school system is two-fold. The first is by receiving and distributing donations for educational opportunities. The second is by educating the public in that regard as well as on matters of importance for the school system.

Regardless of the final outcome of the referendum concerning the Center Grove Schools building projects, it is the position of the CGEF Board that the Foundation exists as a not-for-profit 501(c)(3) organization to support the educational opportunities for the students that we serve. This position in no way represents the personal opinions of the individual members of the Board of Directors towards any particular building project, but instead reflects the stance of the Foundation as a whole and what is in the best interest for the Foundation to be able to serve the staff, students, and faculty of the CGCSC most effectively.
