THE PROJECTS

School board members will decide based on community input which, if any, of the following projects to complete in the coming years:

- Build a 600-student elementary school for \$19.6 million. Options for the existing elementary school include demolishing it for about \$532,000 or refurbishing it for another building purpose for about \$5 million.
- Renovate and add on to the existing

63,373-square-foot elementary school for 490 students for about \$14 million.

- Renovate and add to on the 67,000-square-foot intermediate school for about \$5.5 million.

- Renovate and add on to the middle school and high school, which are connected, for about \$42.6 million.

- Construct a new transportation center for about \$4.3 million and renovate and add on to the administration building for about \$1 million.

Total for building a new elementary school and completing all other projects except for the renovation and addition to the existing elementary building: \$73 million

Total for renovating and adding on to all buildings and not building a new elementary school: \$67.4 million

WHAT PROPERTY TAXES YOU WILL OWE

The tax impact of Nineveh-Hensley-Jackson school projects will depend on how much money the school district borrows. Here are the projections of how much more various homeowners would pay each year for the different loan amounts:

| Bond amount | If your property's worth ... | | | |
|--------------|------------------------------|-----------|-----------|-----------|
| | \$50,000 | \$100,000 | \$150,000 | \$200,000 |
| \$25 million | \$74 | \$163 | \$311 | \$459 |
| \$35 million | \$104 | \$229 | \$437 | \$645 |
| \$45 million | \$134 | \$295 | \$563 | \$831 |
| \$55 million | \$164 | \$361 | \$689 | \$1,017 |
| \$65 million | \$192 | \$422 | \$806 | \$1,190 |
