MOWING

Mow when the grass grows from one-fourth to one-third taller than its recommended mowing height. For example, if you normally mow your lawn at 2 inches, mow when it is 3 inches high. By letting grass grow too high and then cutting away half or more at a time, you expose stems that have been shaded and may burn in strong sunlight. If the lawn is yellowish after you mow, you have waited too long.

DISTINCTIVE KITCHEN & BATH

Distinctive Kitchen & Bath carries our own private Custom Amish Cabinetry label. We are the original Amish Cabinetry store on the South side offering the highest quality cabinetry at an extremely reasonable price. Our cabinets are hand made, one at a time, by skilled craftsmen using only the finest grade of material for the job. Fit and finish are regarded as "Class A" in the cabinetry field. Only solid hardwood and cabinet grade ply materials are used in our cabinets, never particle board or common plywood. The finish is hand-wiped stain topped with catalyzed varnish to provide years of attractive, durable service. Our custom design services are complementary with absolutely no obligations.

Why not stop by and let us explain the quality features found in our custom Amish Cabinetry. You'll understand why our cabinets are a Distinctive Value for you home. Or call 882-7100 and ask for Chris, Jack or Andy today!
