

Franklin Meadows therapy department focuses on residents; road to recovery to keep them "moving forward." Using our own staff, the therapy department offers physical, occupational, and speech.

Physical therapists at Franklin Meadows focuses on independent mobility, regaining strength and balance, using proper body mechanics and energy saving techniques to better perform mobility tasks. The physical therapists also teach residents safety techniques, how to get in and out of vehicles, and how to climb stairs safely.

Occupational Therapy (OT) promotes independence with daily living activities like bathing, eating, dressing, self-care and home management tasks. Participants gain strength and coordination while learning to conserve their energy. OT at Franklin Meadows teaches the residents how to get dressed and groomed using special equipment or different techniques to compensate for their physical loss. OT also addresses the needs of wheelchair positioning and splinting for long and short-term residents.

Speech Therapy's main goal is to increase functional communication, cognitive skills and teach safe swallowing. Swallowing issues are addressed by introducing diet modifications and special feeding techniques. Therapy may also include muscle retraining, compensatory strategies, and use of communication devices. Our speech therapist also addresses safety awareness to ensure they will be safe in their discharge environment.

**THE FRANKLIN CHAPEL**  
 Our Franklin Funeral Home has a large chapel for visitations and funerals. We can accommodate a small intimate service to very large services. We have redecorated the chapel area to better serve our families comfortably during the loss of a loved one.

We have a children's room next to the chapel. We invite you to bring your children with you to the funeral home to be with your family. The room has a T.V., VCR, several movies to watch, games, toys and books to read that accommodate children of many ages. The children's room has been a success at our Whiteland Chapel, so we added one to the Franklin chapel.

Yes, we have made some changes at our Franklin Funeral Home, but we have also left some of the historical look as well. We invite you to visit our Franklin Chapel and see the beautiful changes. Also visit our Web site for more information.
