Franklin Meadows proudly presents another one of our success stories.

Originally from Greenfield, Indiana, Lewis Glentzer came to us from Greenwood, Indiana in December 2006. He had slipped on some grass, as he was gathering firewood near his home. His leg was badly damaged and could not walk. Lewis has made a fast recovery through our Therapy Department. He has worked very hard and is leaving us in a couple of weeks. All of us here at Franklin Meadows wish him well. Lewis would like to thank all of his family and friends that came to visit him. He especially thanks his wife, Beverly, for being very supportive through his absence at home. "I have really enjoyed all of the people that took care of me here, everyone was very supportive."
